PRODUCT DATA SHEET

VectorLabel Print Server

Cooper Audio Software
cooperaudiosoftware.com

A dedicated desktop or portable print host device to enable cloud connectivity on your USB printers.

KEY FEATURES

- **A print host of its own.** Signed in to your Cooper Audio Services account, it offers every printer it drives to the account, takes the jobs sent to them, reports progress and honors Cancel.
- **5-inch touch screen.** Printers with their supply and status, the job in progress and the queue, network and battery state, all on the box.
- **Internal Battery.** 72 Wh, charged over USB-C.
- **Wired or wireless.** Gigabit Ethernet or dual-band Wi-Fi, set up on the screen with its own keyboard.
- **Four USB printer ports** for Brady and Brother label printers.
